

## Covid -19 Response Students' E-Learning Data Bundle Package Offer

In line with the Covid-19 pandemic, Econet has come up with an E-Learning discounted Data Bundles response package for schools to enable teachers and students to continue with learning wherever they are.

### Background

Below are the existing monthly data bundles:

Bundle Name	Volume MB	ZWL Price
700MB	700	125
1.1GB	1126	200
2.1GB	2150	335
3.1GB	3174	430

With Covid-19 outbreak Government has recommended quarantine and self-isolation. This has forced schooling to go online for some foreseeable future. Teachers and students now rely primarily on app-based voice and video calling and conferencing, messaging and content sharing to communicate and collaborate. This requires a much cheaper alternative for learning institutions.

### Solution overview

We have tailor-made Data Bundles specifically to address this need for all your students and teachers regardless of their geographical location:

Bundle Name	Volume MB	ZWL Price	Validity
10GB Bulk	10240	200	30 Days
20GB Bulk	20480	350	30 Days

Average price of the bundles is 1.83c/MB (ZWL\$ 0.0183/MB). This price point is quite competitive even in comparison with some fixed/fibre operators. Moreso Econet solution is mobile and is accessible to nearly all students and teachers wherever they are in Zimbabwe.

### Product description

The offer is for at least fifty (50) mobile numbers (students/teachers).

## **Financing Options**

Each school pays on behalf of its students/teachers/employees and collects money from parents or SDA's. The school provides mobile phone numbers to be credited with the data bundles to Econet. So Econet only deals with the schools. However other options may also be considered.

## **Conclusion**

Considering that Econet has the biggest network infrastructure, we have both the technology and capacity to help schools throughout this period. The bundle offer will enable and sustain teacher/student interactivity at very affordable cost.

We look forward to hearing from you and we can arrange teleconference or online meeting to discuss any clarifications you might have.

Thank You.
